

“Echoes in the Rain” by Aida

Lyrics

[Intro]

(Ambient atmospheric soundscape with soft rain and gentle piano chords)

[Verse 1]

Shadows dance on walls unseen,
A world constructed like dream.
Lost in cycles, day and night.

[Verse 2]

Shattered fragments scattered on the floor,
Memories linger that ache and soar.
Each whispered promise a cruel refrain,
Haunting melodies of love in vain.

[Pre-Chorus]

I search for answers—lost at sea,
Haunted by ghosts of what used to be.

[Chorus]

And I won't forget your touch, your name,
Though echoes linger—whispering shame.
But darling -I'll rise above the pain,
Love lost forever –but my spirit remains.

[Verse 3]

Rain falls against the windowpane,
Mirroring tears I cannot tame.
He promised forever, whispered sweet lies,
Now just ghosts haunt these empty skies.

[Bridge]

But through these shadows a glimmer appears,
A flicker of hope amidst endless tears.
I gather my fragments—piece by piece I mend,
And learn to love the journey without end.

[Chorus]

And I won't forget your touch, your name,
Though echoes linger—whispering shame.
But darling-I'll rise above the pain,
Love lost forever –but my spirit remains.

[Outro]

(Peaceful fade out with atmospheric pads and piano chords)

(Soft rain sounds & gentle piano chords begin...)

Echoes linger... a new beginning...

(Fade to silence)
